Environmental Policy Statement

It is Eless' Policy to plan and execute operations in an environmentally sensitive manner so as to minimise consequential environmental impacts. Every member of Eless is committed to fulfilling Eless' legal obligations and other requirements to which the company subscribes, to ensuring the conservation of natural resources, to the prevention of pollution and the elimination of environmental hazards which may be associated with Eless' operations.

To ensure achievement of this policy an Environmental Management System is established to meet, and to continue to meet, the requirements of BS EN ISO14001:2015.

Eless' Environmental Objectives are:

- To maintain awareness of and to comply with appropriate environmental legislation, regulations and accepted standards and codes of practice.
- To fully meet customer and interested parties stated and/or perceived environmental expectations by the prevention of pollution and the provision of leading edge demolition and waste recycling services.
- To minimise the environmental impact of operations through reinvestment of new processing techniques, adoption of the most effective available waste handling techniques and employee training in best practices.
- To continually review and monitor all aspects of the company's activities to identify opportunities for implementing environmental performance improvement.
- To ensure that this policy and supporting processes are understood by and communicated within the organisation and that this policy is available to the public.

Environmental Management implementation is through the IMS which is mandatory in its application. However, it's success can only be achieved by the participation and commitment at everyone at Eless. All persons working with and for Eless' organisation will receive full support to ensure the IMS is understood, implemented and maintained throughout.

It is Eless' responsibility to ensure IMS functions correctly and its effectiveness is maintained through monitoring, control, audit and review.

Signed

D Nutley:

A handwritten signature in black ink, appearing to be "D Nutley". The signature is stylized with a large, sweeping loop at the end.
